Reinsch's Realities

Thank you, all of you that pledged, and especially those that have already fulfilled their pledges... Total pledged was \$5,000, with most of it in the form of new subscriptions. So a lot of you will be receiving this as your first guide. We hope that you will find it useful in locating the kind of programs you want to listen to.

Also, many people receiving this guide are not now subscribers, and we want to encourage you to join KRAB now, your contribution can go twice as far as it would normally:

It will enable us to acquire a grant that we can use to purchase some badly needed equipment, records, programming commissions, recording tape and improved production facilities. Normally we would never be able to afford these items: There just isn't any extra in the operating revenues. Which means that as equipment wears or breaks it has simply been withdrawn from use or (almost worse) has continued to be used, with a noticeable deterioration in the quality of the production. Records, too, become worn; and old tone arms, styli, and turntables increase the damage to the records. It is interesting to note that some of the best productions of last year required rented or borrowed equipment. Arggggh!...its just too frustrating. But it can all become a whole lot better if we can "swing" this grant. With your, and others, help.

To get the grant KRAB must raise, each year, "matching" of \$75,000 in "nonfederal" income. So far this year we have raised \$60,000. There is only one month to go before the deadline. We are \$15,000 short. \$15,000 to raise in 31 days.

This month when you're thinking about giving, think of KRAB: Your contribution will be instrumental in helping KRAB grow. It's imperative that you get your check in to us as soon as possible. We've attached a business reply envelope to make it easy.

KRAB is a noncommercial educational radio station, owned and operated by the Jack Straw Memorial Foundation, and relying on listeners for funding. The station broadcasts at a power of 45,000 watts, stereo, at 107.7 MHz, FM. Offices and studios are located at 1406 Harvard Avenue, Seattle, Wa 98122. The phone number is (206)325-5110.

Listeners are encouraged to subscribe, as virtually all the money required to operate KRAB comes from you listeners. Subscriptions, and all other contributions, are tax-deductible, and is all that keeps KRAB from the cold. A \$25 subscription will also entitle you to receive the monthly program guide, for a year, of which this is the December 1976 edition.

Anyone with opinions in disagreement with those expressed on any program heard on KRAB (or anywhere else for that matter) is invited to contact the station for time to express their views.

Occasionally KRAB will trade mailing lists with other non-profit institutions. If you do not want your name traded, call the station and tell us.

7:30 pm LES CHANTS DU MALDOROR

A highly experimental dance-drama choreographed by J Marks and derived from the controversial work of Lautreamont. Acting as a surrealistic montage of haunting images which constitute a basic part of the history of man, the dance reflects the inevitable threat of evil, disaster, fear and violence, in a tight and never-ending circle of dread, longing and anguish, in which the triumph of evil, as consummated by the most impossible of all acts and the most bewildering, becomes a strange triumph...; one in which the every evil of the intent becomes utter saintliness.

Maldoror was premiered by the Contemporary Dancers Company in San Francisco on November 19, 1959 in a production complete with moving sets, special lighting effects, odors pumped through the theater's air-conditioning system, and with a score consisting of electronic variations on themes by Kenton, created by Val Golding, and requiring over 300 hours and more than 14,000 feet of recording tape in its production.
